THE BITTER CLUB

Hand crafted British bitters designed to tune-up both alcoholic and non-alcoholic drinks.

Founded by Ro Murray in London, The Bitter Club started with an obsession: perfecting an Old Fashioned. That obsession became an award-winning range of premium cocktail bitters recognised by Great Taste, the Great British Food Awards and the London Spirit Competition.

The range is a highly-considered, modern interpretation of a classic category, built to bring the essential qualities every good drink needs to the bartender's fingertips; aromatic, elegantly spiced, subtly sweet.

RANGE

CHILLI & LIME	39% ABV
HIBISCUS & ROSE	39% ABV
CINNAMON & ORANGE	39% ABV
GRAPEFRUIT & ELDERBERRY	39% ABV

This is the seasoning that finishes perfect serves.

And, crucially, while the bitters themselves are alcoholic, used in the three-dash quantity they are designed for, they are the perfect seasoning to non-alcoholic drinks too. Think prohibition-style Bitters & Tonic and a world of other possibilities.

INSPIRATION

Try adding **Grapefruit & Elderberry** to your Spritz. Dash **Hibiscus & Rose** in a Champagne cocktail and **Cinnamon & Orange** in an Old Fashioned.

Chilli & Lime is the essential bar ingredient to give natural, bright chilli spice to cocktails. A single or double-dash to add a subtle structure. Three dashes to hit that perfect 'Spicy Margarita' tone with consistency and speed every time.

Each tunes up non-alcoholic drinks in a way that takes them from 'standard' to exceptional in three swift shakes. The serve remains 'non-alcoholic' sitting at <0.5% ABV

DIMA'S VODKA

It's a hotly debated subject as to which country first invented vodka.

What we Ukrainians have long known is that ultimately it is quality that truly matters, so we invite you to join the conversation and see if you agree with us that Dima's Ukrainian vodka is simply the most superior.

Our unique climate and Ukrainian black 'supersoil' (chernozem) enable the very finest conditions for our grains to flourish, meaning that we have the best possible ingredients for our vodka.

RANGE

DIMA'S VODKA 40% ABV

A Ukrainian Three-Grain vodka, distilled in Ukraine using the finest three grains of rye, wheat and barley

We source three of the highest quality grains: barley, wheat and rye, which give our vodka a richer and more rounded flavour profile, crystal-clear clarity and an enviable velvety smoothness.

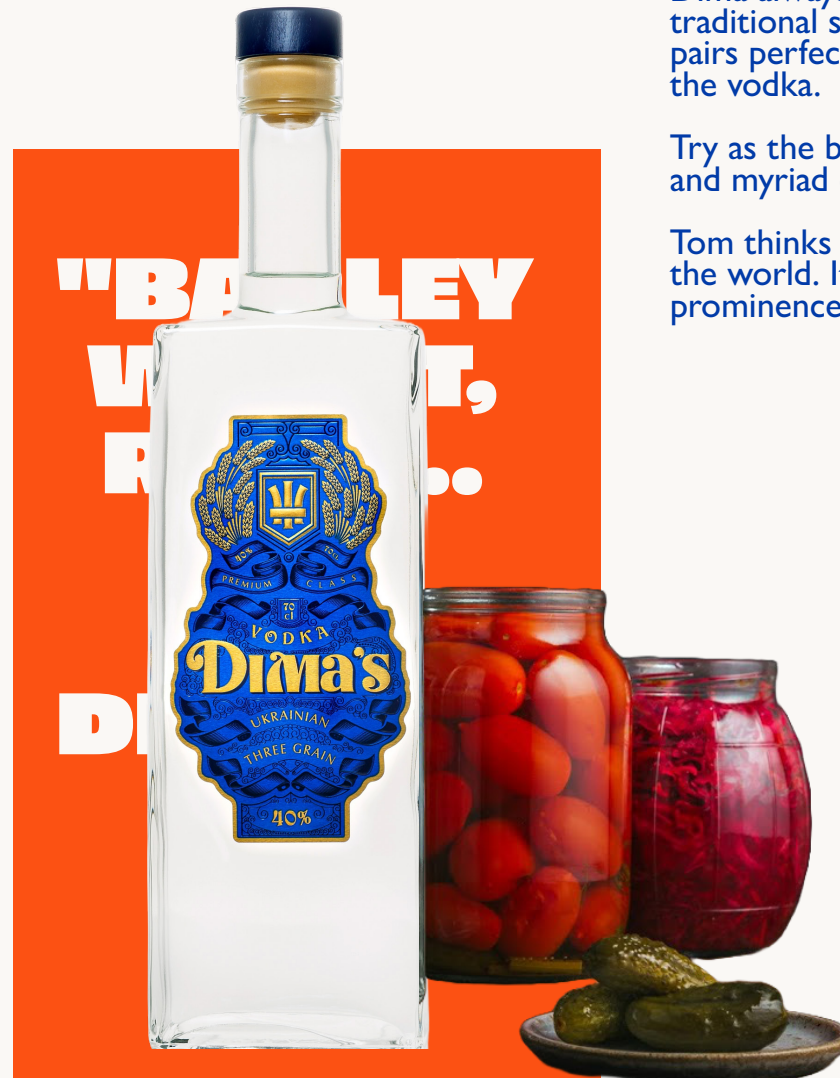

Finally, we entrust only the most experienced and knowledgeable Ukrainian distillers to breathe life into our vodka.

INSPIRATION

Dima always serves his vodka with a pickle. A traditional serving in Ukraine. The salty tang pairs perfectly with the sweet smoothness of the vodka.

Try as the base to a classic or dirty martini and myriad diverse cocktail serves.

Tom thinks it's one of the very best vodkas in the world. It's time we gave great vodka the prominence it deserves.

IDYLL

Idyll Drinks creates premium botanical soft drinks that champion British rewilding.

Made in small batches using high quantities of real fruit juice, never from concentrate, sourced from small-scale UK farms and blended with sustainably foraged wild botanicals.

Idyll use only natural ingredients, no essences or artificial flavourings.

Each drink delivers sophisticated, complex flavours with genuinely low sugar.

Designed for adults who expect the same craft quality and depth they find in premium spirits, Idyll works beautifully solo or as an elevated mixer.

INSPIRATION

Delicious, natural, adult non-alcoholic serves suitable all day and night.

Idyll are perfect for the full range of Sussex hospitality venues. Equally at home in daytime focussed, cafe and casual dining spaces as they are cocktail bars and restaurants.

Idyll demonstrates a considered, conscious non-alcoholic offering putting provenance and flavour at the forefront of the customer experience.

INTUNE CBD DRINKS

Founded in 2020 by Hannah Glasson, INTUNE are all natural, vegan, sparkling fruit & botanical drinks, with 10mg CBD per serve.

Hannah found CBD helped her to feel present, focussed and highly productive. So, she created INTUNE. They are a great, modern adult soft drink and represent an opportunity to develop cutting edge, CBD based alcoholic serves.

CBD (cannabidiol) is the non-psychoactive compound found in hemp plants. Although hemp is part of the Cannabis family, marijuana is a different strain of plant.

RANGE

POMEGRANATE & GINGER 250ml
10mg CBD / 0% ABV

GRAPEFRUIT & MINT 250ml
10mg CBD / 0% ABV

ELDERFLOWER & HOPS 250ml

GINGER & LIME MIXER 200ml
5mg CBD / 0% ABV

Each INTUNE 250ml can contains approx 15% daily recommended maximum CBD

INTUNE contains no THC (the psychoactive compound) so won't get you high. Instead, CBD works with your endocannabinoid system to help you feel focused, balanced or INTUNE.

INSPIRATION

Delicious, natural, adult non-alcoholic serves in their own right. CBD also pairs well with alcohol. Mix it up.

An opportunity to create a cutting-edge customer experience. Make these the stretch in your spritz.

Think Grapefruit & Mint in a rum based serve. Elderflower & Hops alongside zesty gin and Pomegranate & Ginger with Dima's vodka.

IN THE LOOP

Extraordinary Sussex vermouth.

In the Loop Drinks lives where sunlight, soil, and craft meet — a solar-powered Vermouthery tucked into the leafy folds of the East Sussex countryside.

In The Loop isn't just made; it's grown, gathered, and guided into being. Beginning with English wine and botanicals at their freshest, each one harvested in its own time and gently enveloped in the blend. The result is a botanical sensation made for moments: lifted in a Spritz, sharpened in a Martini, or woven into the deep, familiar rhythm of a Negroni or Manhattan.

To be in the loop is to taste the landscape that shaped it — the freshness, the circularity, the quiet English character carried from garden to glass. True provenance.

RANGE

EXTRA DRY WHITE 500ml
17% ABV

English wine and English botanicals only. Freshly grown Bay, Oregano and Wormwood. Gorse flowers foraged from the Ashdown forest.

SEMI SWEET RED 500ml
17% ABV

Barrel-aged. English red wine, Bay, Wormwood & Devonshire cornflowers.

In the Loop Drinks began in 2019 with the curiosity and craft of food scientist and winemaker Gmina Balchin.

In The Loop is founded on principles of sustainability, radical transparency and circular craft: rainwater collected, organic waste composted, barrels repurposed, solar-powered production.

BELIEVE BY JUKES

Jukes was founded in 2019 by wine expert Matthew Jukes, seeking to find a properly exciting alternative to wine, in the moments you choose not to 'drink, drink'.

Inspired by a historic English farmhouse recipe called a Haymaker's Punch. Jukes is made from a base of organic apple cider vinegar. Fruit, vegetables, herbs, spices, and flowers are gently cold-macerated in ACV to make adult, dry, complex drinks that are superb alcohol-free alternatives to wine.

Believe by Jukes is built on citrus-infused apple cider vinegar, with delicate notes of pineapple, fennel, gentle spices, and hop flowers to heighten the perfume and add delicious flavour complexity.

Believe is made from a cold maceration of organic apple cider vinegar with lemons and limes, delicate notes of pineapple, fennel, gentle spices, and hop flowers. These ingredients serve to heighten the perfume and add complexity and intrigue to the experience.

RANGE

BELIEVE 750ml

NOHACA

The eye-catching 'rough-luxe' bottles of Nohaca, made from 100% recycled glass and natural cork house one of the most elegant, balanced tequilas Tom has tasted.

Exceptional, subtle layers of citrus and fresh herbs build through the range, with the purity, freshness and salinity of the Plata evolving into the rounder, softer textured, added complexity of Reposado.

A brand new ultra-premium, no-additive global tequila brand - the brainchild of Adam Dobson, longtime Spirits industry veteran and Hove resident!

Produced at the El Mexicano distillery (Nom 1588) in Jalisco's Los Altos highlands. The agave is fermented in open top fermenters without fibres, followed by two distillations in steel pot stills. Bottled at 42%ABV to retain structure and intensity of flavour.

RANGE

NOHACA PLATA 42% ABV
100% Blue Weber Agave, no additive Plata tequila

NOHACA REPOSADO 42% ABV
Matured for 90 days post distillation in first-use USA oak barrels.

The Nohaca range are ideal ultra premium tequilas to be sipped and savoured as you would fine whisky or brandy. They present an amazing opportunity for giving guests extraordinary drinking experiences, elevating their perception of this fast-growing category in the UK.

INSPIRATION

Both Plata and Reposado are ideal sipped neat, with or without ice

Served long in a highball, simply adding soda and a lime wedge to 50ml of either Plata or Reposado creates a considered, elegant serve that highlights the subtle nuances of both tequilas. This is our suggested mixed serve.

Otherwise, ideal in a premium Paloma or other classic tequila cocktail.

REBELS 0.0%

REBELS 0.0% is the rebellion for better taste and more freedom of choice.

Hand crafted in the Swiss Alps area of Valais. Rebels are double-distilled non-alcoholic spirits, made in the style of recognisable traditional spirits. Production processes use only natural ingredients.

The double distillation does not create alcohol at any stage, extracting and concentrating the aromatics from the botanicals without alcohol. The spirits are therefore 0.0% without dealcoholisation.

RANGE

SENTIA

SENTIA Spirits are a new category of non-alcoholic, functional drinks designed by neuroscientists to enhance the brain's naturally occurring GABA and offer uncompromising consumers better ways to relax, unwind, and socialise.

SENTIA Spirits are crafted using a proprietary GABAergic botanical blend—plants and compounds that support the brain's natural GABA system. This means you can feel calm, sociable, and connected, without the cloudiness or crash of alcohol.

Optimised for absorption and function.
All-natural ingredients. Zero alcohol

RANGE

SENTIA RED 0% ABV

An aromatic, bittersweet spirit using Ashwagandha, Passionflower, Gentian Root and more.

SENTIA GOLD 0% ABV

A mood lifting, mental balance supporting, uplifting serve. Featuring Ashwagandha, Hops, Damiana and more.

SENTIA BLACK 0% ABV

Fueling energy and supporting focus with Star Anise Pod, Bay Leaf, Magnolia Bark, Gotu Kola Leaf and more

SENTIA Spirits began in 2020 with a radical idea: what if you could get the good from alcohol, without the bad?

That idea came from Professor David Nutt, whose decades of work on the pharmacology of alcohol revealed how GABA—a naturally occurring neurotransmitter—was the key to relaxed, prosocial states.

With co-founder David Orren and a team of botanists and neuroscientists at GABA Labs, the journey began to identify and combine powerful plant-based compounds that enhance GABA activity naturally. The result? GABA Red, GABA Black, and GABA Gold - a first-of-its-kind range of drinks for conscious connection and elevated social experience.

INSPIRATION

Each SENTIA product works brilliantly as a simple mixed serve.

Gold with tonic - as a fresh G&T style serve bringing calm, lifted mood and balance.

Red with tonic or cranberry juice, an aromatic, bittersweet serve to aid relaxation and social connection.

Black with cola or ginger beer - a darker, peppier profile modelled as a pick-me-up.

Each can be used as the backbone to functional non-alcoholic cocktails. Try Gold in a Margarita or French Martini serve. Red as a sour and Black as an Espresso Martini or iced tea style serve. There is huge room for experimentation.

SIPELLO

The new British bitter-sweet aperitif, founded by Tim Simmons.

Handcrafted in the Surrey Hills, Sipello marries a gooseberry-led blend of British ingredients such as rhubarb and the little known chuckleberry with sustainably sourced botanicals from around the world.

Led by sandalwood, gentian and wormwood, our botanicals are hand-picked, wild harvested and where certifiable, organic. It is a fruit-forward aperitif with a long bitter finish.

Sipello transcends occasion with its versatility, unique flavour and playfulness. It's a liquid love letter to the eccentric in all of us.

Sustainability and provenance are at the heart of Sipello's supply chain. The fruit comes from farms across Kent, Herefordshire, Scotland and Yorkshire.

RANGE

SIPELLO 22% ABV
Fruity-sweet Aperitif

Botanicals picked in their natural environment retain their purist natural flavour. Tim sources wild harvested ingredients that are sustainably picked under licence around the world.

INSPIRATION

Sipello's perfect serve is the simple, but effective Sipello & Tonic with a wedge of lime. A timeless, moreish aperitif serve.

SUSSEX RUM 37.5% ABV

The new Sussex Dry Gin and Vodka are produced from high quality neutral base spirits, distilled through South Downs Spirits Co's Henfield still.

The gin has a classic, and joyfully simple, botanical bill focussed on orange, coriander seed, angelica root and juniper.

INSPIRATION

Perfect, local house pour gin and vodka. Simple.

And the rum? The range gives full scope for epic versions of classics like daiquiri and mojito.

The rum range's quality, pristine palate and texture lend themselves to being the base for contemporary rum-focussed cocktails too.

SPIRIT OF THE DOWNS

A small, hands-on team based at our distillery in Bookers Vineyard, Bolney, East Sussex. Sustainability is at the heart of our business, and we power part of our operations using solar energy generated on site.

We work closely with some of Sussex's leading vineyards, including Sugrue South Downs, Breaky Bottom and Plumpton College. We source premium grape pomace – the skins, seeds and pulp remaining after grapes have been gently pressed for sparkling wine. Rather than allowing this valuable by-product to go to waste, we transform it into our range of Sussex Brandies, Grape Vodka and Liqueurs, ensuring every part of the grape is put to good use.

The pomace is carefully fermented using champagne yeast before being distilled. Our brandies are then matured in English and French oak barrels, developing depth, richness and complexity over time.

RANGE

ENGLISH BRANDY 40% ABV

Using Chardonnay grapes from Bolney vineyard in Sussex, aged in English & French oak

MOREISH MORELLO LIQUEUR 20% ABV

Sussex & Kent cherries & English grape spirit

SUSSEX SHOT LIQUEUR 20% ABV

Sussex brandy blended with vanilla, tangerine, orange & cinnamon

Our grape spirit and brandy also form the foundation of our liqueurs, contributing their distinctive character and flavour.

Our commitment to sustainability extends throughout the entire production process. After fermentation, any remaining organic material is returned to Trenchmore Farm, where it is used to fertilise the orchard, completing a natural cycle of renewal and

INSPIRATION

Consciously chosen, sustainable, local small-batch products from one of Sussex's best spirits producers.

The brandy is excellent and offers the opportunity for considered, after-dinner digestifs, but is a fantastic base for Sussex interpretations of classic cocktails like the Sidecar or Metropolitan.

Both liqueurs are exceptional. Sussex Shot as a rich replacement for triple sec in a Margarita. Moreish Morello in a Singapore Sling or Blood & Sand.

TICO TEQUILA

Incredible 100% Blue Agave, no-additive tequila.

Produced from hand-harvested, fully mature eight-year-old agave plants, grown in the lowlands of Jalisco, Mexico nearby to the famous Cascahuin distillery where it is made (NOM 1123).

Extra smooth texture and richness achieved through traditional 48 hour brick-oven steam cooking of the agave piñas and a 60 hour fermentation on cooked agave fibres prior to a simple double distillation.

RANGE

Blanco 40% ABV

Pure, unaged Blanco full of freshness and fruit purity

Rosa 40% ABV

Blanco tequila, aged for five weeks in ex-Cabernet Sauvignon barrels. Achieving a pale rosé hue, smooth texture and floral notes

Reposado 40% ABV

Five months ageing in ex-Bourbon barrels

Produced by the Rosales family at Cascahuin Distillery in Arenal, near Guadalajara in Jalisco, Mexico. The Rosales have made tequila for over 100 years, now in their fourth generation.

INSPIRATION

Perfect high-quality, no-corners-cut 'house' and pouring tequila.

Easy to sip neat due to the extra smooth, soft texture achieved through ageing on the agave fibres.

Ideal in mixed serves and of course, classic agave cocktails.
